---

## PROFESSIONAL SUMMARY

Motivated and self-taught Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and React.js. Passionate about building responsive, user-friendly web applications and continuously improving through hands-on projects. Seeking a Frontend Developer Internship where I can contribute, learn from experienced developers, and grow professionally.

---

## WORK EXPERIENCE

Customer Service & Professional Barber | 2023 – 2026

- Demonstrated strong communication and interpersonal skills by effectively managing client relationships and customer needs.
- Managed time efficiently in a fast-paced environment to ensure high-quality service and customer satisfaction.

---

## TECHNICAL SKILLS

- Frontend Core: HTML, CSS, Modern JavaScript (ES6+), TypeScript
- Libraries & Frameworks: React JS (Hooks, Functional Components)
- Tools & Version Control: Git, GitHub, VS Code, Vite
- UI/UX & Layouts: Responsive Web Design, Flexbox, CSS Grid, UI/UX Principles

---

## PROJECTS

### • React Personal Portfolio Website

- Built a responsive professional portfolio website using React JS and modern CSS.
- Focused on component-based structure and UI/UX best practices to showcase development skills.

### • React Task Management App (Todo)

- Developed a functional To-Do application using React JS with component props and state management.

### • React Weather Web Application

- Built a dynamic weather application using React JS and OpenWeatherMap API to fetch real-time weather details.
- Implemented async/await for API calls and managed component state dynamically for temperature, humidity, and icons.
