PROFESSIONAL SUMMARY

Motivated and self-taught Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and React.js. Passionate about building responsive, user-friendly web applications and continuously improving through hands-on projects. Seeking a Frontend Developer Internship where I can contribute to real-world projects, learn from experienced developers, and grow professionally.

TECHNICAL SKILLS

Frontend Core	HTML5, CSS3, Modern JavaScript (ES6+), TypeScript
Libraries & Frameworks	React JS (Hooks, Functional Components, Context API)
Tools & Architecture	Git, GitHub, VS Code, Vite, UI/UX Principles
Layouts & Styling	Responsive Web Design, Flexbox, CSS Grid

PROJECTS

- React Personal Portfolio Website

React JS, CSS Grid, Flexbox

 - Built a fully responsive personal portfolio website to showcase development skills, projects, and technical expertise.
 - Focused on component-based structure and UI/UX best practices to ensure smooth navigation and a clean visual interface.
 - Optimized asset loading and layout responsiveness across mobile, tablet, and desktop viewports.
- React Task Management App (Todo)

React JS, State Management

 - Developed a functional task management application using React JS with dynamic component props and state management.
 - Implemented features for adding, editing, completing, and deleting tasks with real-time UI updates.
 - Structured components cleanly to ensure code reusability and maintainability.
- React Weather Web Application

React JS, REST API, Async/Await

 - Built a dynamic weather forecasting application using React JS integrated with the OpenWeatherMap REST API to fetch real-time data.
 - Implemented JavaScript Async/Await for asynchronous API calls and managed complex component states dynamically for temperature, humidity, and weather icons.
 - Handled API error conditions gracefully to maintain a seamless user experience.

WORK EXPERIENCE

Customer Service & Professional Barber

Professional Service

2023 – 2026

- Demonstrated strong communication and interpersonal skills by effectively managing client relationships, actively listening to requirements, and ensuring high customer satisfaction.

EDUCATION

High School Education

Self-taught Frontend Developer through online learning, documentation, and hands-on React projects.
